Course Description
Provides an introduction to the fundamentals of computer programming, computer architecture, and software development. Intended for computer science majors.

Textbook
There is no textbook for this course.

Grading
Your grade will be determined by:

• Approximately 9 assignments, worth 45% of your grade. Your lowest assignment score will be thrown out. Late lab assignments will not be accepted.
• Three quizzes, worth 40% of your grade. Note that one quiz will occur during dead week.
• A comprehensive final exam worth 15% of your grade. The final will be based on the quizzes. The final is scheduled for Tuesday, March 18th from 10:30 AM - 12:30 PM.

If you are in need of support because of a documented disability (whether it be learning, mobility, psychiatric, health-related, or sensory) you may be eligible for academic or other accommodations through Disability Resources.

Call Academic Support Programs at 541-552-6213 to schedule an appointment with Theresa Lowrie, Director, Disability Resources. The Academic Support Programs office is located in the Stevenson Union, lower level.
